GAINESVILLE, FLORIDA, WEDNESDAY, FEBRUARY 3, 1909

TEN CENTS A WEEK

NATION WILL BE DRY IN QUARTER CENTURY

Is Prediction of Rev. E. E. Folk in Speech at
Birmingham, Ala.

BIRMINGHAM, Ala., Feb. 2.—The Anti-Saloon League convention opened here Monday night with superintendents of State leagues and prominent workers present from all parts of the South. An address of welcome was delivered by Gov. B. B. Comer, who expressed his entire sympathy with the movement. Rev. E. E. Folk, of the Tennessee league, responded, for the visitors and alluded in fervent manner to the recent fight in his State.

"It is with deep feeling that I respond to you, Governor Comer," he said, "you who are so well-known to be in sympathy with the cause. In Tennessee we got prohibition in spite of our Governor and I thank God that Alabama was not placed in so trying a position."

"I hasten to give credit to the man who did more than any other for the cause in the South—the lamented, the noble, the true, the brave E. W. Carmack. They killed him to get rid of him, but they forgot that out of martyrs is the seed of the church. The Tennessee Legislature carried out that for which he lived and died."

Dry Country in 25 Years.

"The whole South will be prohibition territory within five years and

the entire Union in twenty-five years. It will not be many years until we will as soon think of returning to slavery as to the open saloon."

Former Governor R. M. Cunningham of Alabama said prohibition is the greatest issue in the nation today—greater than tariffs, trusts, railroad regulation or any of the other questions confronting the people for solution.

Dry Signs for West Virginia.

CHARLESTON, W. Va., Feb. 2.—The prohibition amendment to the State constitution, prohibiting the manufacture and sale of intoxicants within the State, passed the House of Delegates yesterday by a vote of 62 to 13. Eleven members were absent.

The measure will go at once to the Senate, where its fate is in doubt. Eleven Senators can kill the amendment and nine are openly opposed to it, while two are said to be in doubt. If passed by the Senate the amendment will not become effective until ratified by popular vote.

There is little doubt, however, of its adoption, if submitted to popular vote, as already two-thirds of the counties are without saloons.

BONNIE MELROSE.

MELROSE, Feb. 2.—Geo. M. Lynch, professor of Secondary Education of the State University, was in town Tuesday to look after school matters, and while he found the teachers most efficient and the attendance very good he was much shocked at the deplorable condition of the building and grounds. Evidently somebody will have a bad quarter of an hour as the result of his visit.

The Melrose people would certainly like to know why the school does not receive more benefit from the Clay county division of sub-district fund than they are at present receiving.

Newly registered at the Huffman House are Mrs. M. M. Cochran and Mrs. E. M. Marshall of Cannonsburg, Pa. Other new arrivals in town are Col. F. M. Tolles and Mrs. Tolles, Nantucket, Conn.; Mr. and Mrs. H. Tolles, Ansonia, Conn., and Mrs. S. M. Caldwell of Springfield, Mass.

The old Whitcomb house, near Melrose, was burned down on Sunday night, the tenants, John Vincent and family, losing everything.

During the cold snap the self-registering thermometer marked on Sun-

day 27 degrees min. and 40 degrees max.; on Monday 28 degrees and 50 degrees. Comparatively little damage was done.

C. P. Huffman met with quite an accident on Monday, when he cut the middle finger of his right hand with the steam saw.

Wm. Kifer of Gallon, Ohio, is stopping with T. A. Birt. Mr. Birt is kept quite busy lately building boats for Messrs. Cole and Williams and others, also for rent.

An Extensive Farmer.

W. C. Townsend of Lake Butler was among the visitors to the city yesterday. He is one of the most extensive farmers and stockmen in that section, having something over seven hundred acres of land which he uses for pasturage only. Besides running a large farm, he devotes a considerable part of the time to stock raising and has his own private cold storage plant for the curing of his meats.

DOLPH CHAMBERLIN HAS DISTINCTION

OF SHIPPING FIRST CAR OF CABBAGE THIS SEASON

Over Tampa and Jacksonville R. R.
Many Small Shipments Had Been
Made—Good Returns Expected.

The first carload of cabbage shipped from the Tacoma section was cut by Dolph Chamberlin last Friday and left that place on Saturday via the Tampa and Jacksonville railway for the Northern markets.

Mr. Chamberlin says that while it is no big thing to have these honors, it generally makes one feel good to know that he has outdistanced his neighbors in growing the stuff and getting the largest shipment off first.

This car was all loaded with choice heads which run all about even and he expects to reap a good return for them, taking into consideration that there will not be a loaded market on their arrival and the reports from all sections are that vegetables were more or less damaged by the recent cold weather.

He states that his large farm, the most of which is in cabbage, never looked better, and he expects to ship another car within the next few days, when he will commence the work of getting them out regularly. He thinks the crop will bring lots of good hard cash back to this county the present season.

STATE FAIR OPENS TO- DAY IN CIGAR CITY

TAMPA, Fla., Feb. 2.—Governor Albert W. Gilchrist tomorrow opens the Florida State Fair, the most complete exhibition of the industrial and commercial wealth of the State ever undertaken. In addition to visitors from all over Florida, thousands of tourists from the East and North are in the city. The race meet will be by all odds the greatest ever held in the Southeast, and has attracted hundreds of horse owners and track followers. William Jennings Bryan will be here Thursday as the guest of the fair management and the Tampa Bay Hotel, and will be given a reception by the leading Democrats of Florida. He will deliver an address at the laying of the cornerstone of Tampa's proposed Y. M. C. A. building.

RECEIVER BEGINS AN INSPECTION OF S. A. L.

ATLANTA, Ga., Feb. 2.—Davies Warfield of Baltimore, Md., one of the receivers of the Seaboard Air Line, begins tonight a trip of inspection of more than ordinary importance as affecting the future of the Seaboard.

He will make stops at Atlanta, Birmingham, Jacksonville, Tampa, Fernandina, Savannah, Wilmington and other points with a view of determining upon the proposed changes and improvements.

Deputy Bruton Arrests Polites.

Deputy Sheriff W. R. Bruton yesterday arrested Anthony Polite, Sr., and his son, both having been charged by one Rosa Murphy of slander. The cases will be heard before Justice Carlisle in his office today. Although Polite professes to follow in the steps of the righteous one, he is invariably connected in some court scrape, both he and his young son.

TRUST CAN'T COLLECT DEBTS THROUGH LAW

Is Decision of United States Supreme Court in Case
of Wall Paper Co.

WASHINGTON, D. C., Feb. 2.—The case of the Continental Wallpaper Company, against Louis Voight and Son of Cincinnati, was yesterday decided by the Supreme Court of the United States in Voight's favor. The case was brought by the company on a debt of \$57,000, the payment of which was resisted on the ground that the paper company is a trust. In effect the decision holds that an admitted trust organized contrary to the Sherman anti-trust law cannot use the court to collect debts.

It was represented that Voight had bought over \$200,000 worth of paper, on which he had paid 50 per cent more than he would have had to pay if there had been competition. It was also set out that the Continental Company had been organized to conduct the business of the various wall paper factories of the United States and that Voight as a jobber in its products had been compelled to sign a strict agreement on the threat that if he did not do so, no paper would be sold to him and that it would be made impossible for him to continue in business.

In a demurrer the company admitted that it was a trust and still contended that it could properly collect debts due it. On this showing the company's petition was dismissed by the trial court and its decision was affirmed by the United States Circuit Court of Appeals for the sixth circuit. Yesterday's opinion was by Justice Harlan, and sustained the decision of the lower courts. Justices Brewer, White, Peckham and Holmes dissented.

Justice Harlan's opinion was of considerable length and dealt in detail with the various phases of the case. It was based on the third defense of Voight, that the company is part of a trust. He started out with the proposition that the Continental company is within the prohibitions of the Sherman act which he said is clear from the facts set forth in its defense. He then went on to show that this corporation is the representative of a combination which would have the effect not only of restraining, but of monopolizing the sale and manufacture of paper.

WAS GIVEN FIFTEEN DAYS. Mose Malphurs Given Above Sentence by County Judge Mason.

County Judge Mason on Tuesday gave Mose Malphurs a sentence of fifteen days in the county jail on a charge of habitual drunkenness.

Mose has been drunk on numerous occasions and it had become so that the city could do nothing with him, and he was finally turned over to the county for action.

Having once before been before the county judge and warned not to repeat the occurrence, he was given fifteen days. In sentencing him the judge informed him that he was light this time, but would make it more severe in the next case should he still persist in the habitual use of whiskey. It is a pitiable case.

Funeral of Col. Palmer.

The funeral of the late Col. W. H. Palmer was held Tuesday afternoon from the residence of the deceased in North Gainesville. Owing to the extreme peculiarities of the man, he requested that his friends take charge of his remains and he be buried by them, and his every wish was followed as near as it was possible. A large number of friends escorted the remains to the grave in Evergreen cemetery.

Mother Burns to Death But Saves Child's Life

STATESBORO, Ga., Feb. 2.—In an effort to save her only child, Mrs. George Kingery, wife of a farmer near Excelsior, not far from Statesboro, burned to death Saturday afternoon.

The baby was playing around the fireplace and as it was about to fall in the fire the mother snatched it away. In grabbing the child, Mrs. Kingery turned around and as she did so her skirt went in the fireplace and caught. Seeing she was afire the mother made a desperate effort to extinguish the flames, bed clothing being strewn over the room as an evidence of her struggle.

She then ran out in the yard and

a fight for life was made there. Failing to extinguish the flames she ran back to the house and fell on the back porch, where she was later found by her husband. Nothing save the collar band of her waist and her shoes were on her when found.

The husband was not at home when Mrs. Kingery caught fire. Her screams brought neighbors to the scene, but the flames had claimed the victim before their arrival. Mrs. Kingery has been married two years. The child was burned about the face and hands, but not seriously. The funeral was held Sunday afternoon at Upper Lotts Creek church. News of her death reached here yesterday.

Lair Gets 20 Years For Enslaving White Girl

CHICAGO, Feb. 2.—A pitiful story of a beautiful girl snatched from the streets of Paris and lured to the United States yesterday resulted in the conviction of Henry Lair, charged by the Government with promoting the "white slave" traffic in this country. Lair was sentenced by Judge Landis to serve twenty years in the Government prison at Leavenworth, Kan., and to pay a \$2,500 fine.

The next case to be tried is that of Lucie D'Arville, Lair's supposed wife, who was indicted with him on charges of importing French girls to this country in violation of the immigration laws.

Marie Peuroy, 19 years old, was the chief witness for the Government.

When 14 years old, she said, she met in the streets of Paris, Jules Dufour, who later introduced her to Louis Paynt, now in the Government prison at Atlanta. Paynt induced her to come to America and brought her to Chicago, where she fell into the hands of Lair, who came from San Francisco. Mlle. Peuroy informed immigration officers of her plight and she was finally rescued.

Jules Dufour, who met the girl in Paris, is a brother of Alphonse Dufour, who with a woman known as Eva Dufour, forfeited \$25,000 cash bail, following indictment for white slaving in Chicago and fled to France, where they were recently convicted in a French court.

SKULL FRACTURED BY KICKING MULE

PROF. F. H. ELLIS LAID UP FOR
SEVERAL DAYS.

Was Visiting His Farm When the
Unruly Animal Threw Him, Later
Kicking Him in the Head.

Prof. F. H. Ellis of Alachua, principal of the high school there, is suffering from a fractured skull as the result of coming in contact with the heels of a mule.

He had ridden the animal out to his farm near Alachua last Saturday evening, when the animal became frightened, or stubborn, and threw the rider off, later kicking him, the kick being just above the left temple. He was rendered unconscious by the blow for a short while, but soon came to and was taken back to Alachua, where he received medical attention.

It was found necessary by the physicians in charge to trepan his skull, and the patient is now resting as easily as could be expected.

During his absence from the school his position will be filled by Miss Foster, first assistant, while Prof. Fitch takes Miss Foster's place. It is anticipated that the patient will be enabled to resume his duties within the next ten days.

Although his skull was fractured, Mr. Ellis took his misfortune very quietly and was sufficiently able to write a note informing Superintendent Kelley of his injury before the doctors proceeded to operate upon him.

Caught a Big Shark.

During her recent visit to Cedar Key, Mrs. J. M. Farr caught a monster shark weighing five hundred pounds, which she landed with the assistance of several bystanders. This was the lady's first experience with these monsters of the deep and she is especially proud of her big catch.

COULD NOT CURE WEEPING ECZEMA

Disease Began over Ear and Spread
till Face and Neck were Raw—Itch-
ing, Inflammation and Soreness
were Terrible—Lasted Over a
Year and All Treatments Failed

UNTIL CUTICURA AGAIN PROVED GREAT SUCCESS

"Eczema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck clear up to my hair were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The eczema itched so that it seemed as though I could tear my face all to pieces. The disease began in the fall and I did everything for it until the next winter. Then I began to use the Cuticura Soap and Ointment, and it was not more than three months before it was all healed up. I still use the Cuticura Resolvent Pills once in a while to cleanse the blood. I am very thankful that I tried Cuticura, and I can recommend it to any one. Miss Ann Pearson, Northfield, Vt., Dec. 19, '07."

THE BIBLE CONFERENCE.

Two-Days' Conference on Mission
Work Began Tuesday.

Another busy and successful meeting of the Bible Conference was held at the Tabernacle on Tuesday, which was the most largely attended of any session in the entire history of the conference. This is the best evidence that the Bible lessons being taught by the leader, Rev. Dr. Guille, are increasing in interest as the work progresses.

Rev. Dr. Guille, in the absence of Rev. T. B. Ray, who was to have appeared at the afternoon service, delivered a most interesting sermon, which was enjoyed by the large congregation present.

The evening session proved highly interesting. Rev. T. B. Ray, who arrived in the afternoon, delivering an illustrated lecture on missions. This lecture, which occupied nearly two hours, was beautifully and impressively illustrated by stereopticon views, and attracted the admiration and interest of all.

Rev. Cyrus Brady, rector of St. George's Episcopal church, Kansas City, Missouri, and a man well experienced in missionary work in the West, will deliver addresses at the afternoon and evening sessions today, while the usual morning service of Bible study, from 10 to 11 o'clock, will be conducted by Dr. Guille.

The Missionary Conference, which began Tuesday, will continue through today and tomorrow.

Has Opened for Business.

J. F. Dupree & Bro. is the style of a new firm that have opened a general grocery business in Southeast Gainesville. They are located near Spring Hill and will doubtless do a good business. They are both young men and we predict for them much success in their new field.

Electric Theatre.

New Moving Pictures, each afternoon and night, except Sunday.

Electric Theatre.

Last night's entertainment at the Electric Theatre was well patronized by those attending the session of the United States court, and the fine list of subjects shown were greatly appreciated. The theatre notwithstanding the sudden cold weather is well-filled every night and the pictures are well worth seeing.

...

The New Baird Theatre.

Miss Eva Ray and Company will appear at The Baird Theatre tomorrow night in the first of a three-nights' engagement. Of Miss Ray The Times-Union says:

"Manager Burbridge of the Orpheum Theatre, has made special arrangements with Mr. Curtis, Miss Ray's manager, for the reappearance of the wonderful little woman during the first part of the present week. This announcement will prove good news to the many theatre-goers who have become so deeply interested in the work of Miss Ray.

"Tonight Miss Ray will be seen at the Orpheum, and it is needless to say that the theatre will be crowded to the doors. Her entertainment is always pleasing, in fact, it is so mystifying to see Miss Ray they feel like going again."

...

"The Late Mr. Jones."

On Wednesday evening, February 10th, the laughable farcical comedy with the above title will be presented at The New Baird Opera House by our talented amateurs for the benefit of the Gainesville Guards. In speaking of this comedy, Mr. Hudgins said: "It is one of those laughable farces so popular now. The lines are bright and witty and the ludicrous situations are followed one by another in quick succession."

The following caste have been selected and a first-class production is guaranteed:

NEWS OF CITY AND COUNTY CONDENSED

T. M. Venable of Arredondo was a visitor to the city yesterday. He states that the cold "did up things" considerably around his section.

Mrs. M. Crews and little daughter, Miss Emalina, left yesterday for Alachua to visit friends for a few days, and also attend the wedding of their friend, Miss Fincher.

Mrs. Ethel McMakin left yesterday for a short visit to Alachua, where she goes to be present at the marriage of her friend, Miss Fincher, which happy event will occur today.

Capt. Jas. M. Graham, accompanied by his brother, D. F. Graham of West Virginia, left yesterday for Worthington Springs, where they will spend a short while and attend the sale of lots.

J. J. Haymans, the extensive turpentine man of Lochloosa, was a visitor to the city yesterday. He owns considerable property here and was in the city looking after the same, as well as to see how his large residence in East Gainesville is progressing.

HAPPY WOMEN

Plenty of Them in Gainesville, and
Good Reason for It.

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. She finds relief and cure? No reason why any Gainesville reader

Should suffer in the face of evidence like this:

Mrs. John Smith, 307 E. Magnolia street, Gainesville, Fla., says: "I suffered from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp twinges through my body and if I did so it was difficult to regain an erect position. I was also subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box and began their use. In a short time I felt much better. The pains lost their severeness and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SECOND DAY OF COURT.

Negroes Convicted for Raising Bills
Only Case Tried.

The second day's work of the U. S. court was taken up principally with securing a petit jury, and but one case was heard when court adjourned again until this morning at 9 o'clock.

Sam Tillman and James Doran, two negroes who it will be remembered raised a few \$1 bills to represent \$5, were tried and convicted, but will not be sentenced until the completion of the term of court.

These negroes passed two of their bogus bills here, one on I. H. McLendon and the other on Jeff Simons. The last named soon discovered the deception and at once hunted up the guilty parties.

The case of the Brooks boys, charged with counterfeiting, was called, but Judge Sheppard gave them an opportunity of securing counsel and adjourned the hearing until today.

The grand jury has gotten down to work and are now investigating several cases before them. It is expected several true bills will be returned to the court today.

CATARRH CURED.

No Cure, No Pay, Is a Most Generous
Offer.

To get an antiseptic strong enough to kill catarrh germs and not destroy the tissues of the membrane at the same time, has been a problem which was never solved until the discovery of Hyomei (pronounced High-o-me.)

Hyomei is prepared from eucalyptus, the most powerful yet healing antiseptic known. Breathe it through the inhaler over the inflamed and germ-ridden membrane four or five times a day, and in a few days the germs will disappear.

The inflamed condition will go, too, and the snuffling, hawking and offensive breath, and the discharge of mucous and crusts in the nose will cease.

Then why should any catarrh sufferer hesitate, when J. W. McCollum & Co. have such faith in Hyomei that they offer to return your money if after a fair trial Hyomei does not cure catarrh.

A complete Hyomei outfit, including the inhaler, costs \$1.00, and extra bottles, if afterward needed, cost but 50 cents. Hyomei also cures asthma, croup, sore throat, coughs, colds or grip.

MI-ONA Cures Dyspepsia.

"Dear Catherine: Way up here in the North woods by chance a Florida paper came into my hands, and when I saw that the name of Catherine Haile led the list of fair damsels of Gainesville, I knew that I could not let a good ballot go to waste, when a girl like you was a candidate for a real live piano. I always liked the name of Catherine, and I got an impression that the people there in Gainesville like the name of Catherine too, not for the sake of the name, but for the sake of the lady. I just received the paper this morning, and fear that the ballot may be a little late to be recorded, but better late than never. I hope you will excuse my boldness in writing, but boldness is not found in the vocabulary of students at the University of Michigan. I hope that if I am ever in the neighborhood of Gainesville I will hear you teasing Stuart and a few other of my favorites from that piano, which I am positive will be yours. I assure you that the name of Catherine found favor here, and not the fact that you head the list, for I picked the name with the opposition of several of my classmates.

"Sincerely wishing you success, I remain, in expectancy,

"RALPH S. KINGSBURY."

For Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for reelection on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,

BEN T. ARNOW.

For City Marshal.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

B. G. Brooks Takes Exception to
Editor Farmer's Article.

Editor Sun: Kindly allow me space for a few words to the people of this section of the country, among whom my brother and I were raised and by many of whom, from Fort Meade to the Georgia line, we are well known.

We were arrested on a charge of counterfeiting, and with no real committing evidence were committed to jail at Bronson to await trial by the U. S. court. After enduring four and a half months' confinement therein * * * we released ourselves from jail determined not to return there for detention again.

After remaining at liberty until we learned the date of convening of the U. S. court we came to Gainesville and surrendered ourselves to Sheriff Ramsey of Alachua county for safe-keeping until that time.

Our treatment here has been just, clean and impartial, and Sheriff Ramsey deserves all the praise we could bestow upon him for his unvarying kindness to us and other prisoners.

I learn that The Levy Times-Democrat in recent articles has referred to my brother and myself as the "Levy County Counterfeiters," ignoring the fact that neither of us has been convicted of this crime or misdemeanor, and with disregard of the fact that applying such names to us is likely to prejudice to some extent a number of the good people of our home county, and acquaintances abroad.

Thanking you in advance for your courtesy, I am, yours truly,

B. G. BROOKS.

Gainesville, Fla., Feb. 1, 1909.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, or visit him frequently. TWO NEGRO BOYS ARE

Near Waldo—He Will Have
His Preliminary Today.

Willie English, a young negro boy of Waldo, was brought in Tuesday by Deputy Sheriff Dawkins on a charge of murder and will be given his preliminary hearing today before Judge H. G. Mason.

It will be remembered that while engaged at play with his companion, Jacob Cheatham, at that place one day recently, they became involved in a difficulty and the former killed his companion, which was claimed to be accidental.

Several witnesses have been summoned in the case.

Stole Bicycle From Here.

Henry Mickens, a young negro boy, stole a bicycle from John Chesser and skipped out to Ocala, but was arrested there and brought to Gainesville Tuesday evening by Sheriff Ramsey.

The little negro gave another little negro the money to go and rent the wheel, and told him that in return for his trouble he would let him ride some before he turned same back, but instead of returning the wheel he at once left the city for Ocala, going through the country on the bicycle. Nothing was heard from the wheel for several days, but it was finally located and a warrant sworn out for the boy. Sheriff Ramsey also secured the bicycle and brought it back to the city.

Worn Out.

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c. 50c and \$1.00 per bottle. Sold by W. M. Johnson.

Get Out the Sprinkler.

Yesterday was another of those disagreeable evenings when the dust about the city resembled a heavy fog. It seems that the proper authorities would at least see the need of the sprinkler and put it to work upon these occasions. It saves dollars in more ways than one—for it saves health as well as property, and makes travel around the square somewhat of a pleasure instead of inhaling dust every time you breathe.

NEWS FROM ALL PARTS OF FLORIDA

Hon. A. G. Munn, the founder of Lakeland, celebrated his ninetieth birthday in Louisville, Ky., a few days ago.

Richard Croker, who is spending the winter at Palm Beach, captured a 350-pound shark with a rod and reel.

The Florida State Music Festival will be held in DeLand February 10-12. There will be special reduced railroad rates.

Arrangements are now being perfected to demonstrate the wireless method of telephoning at the State Fair grounds.

The city council of Miami has ordered that a census of the city be taken, which is expected to show a vast increase in that city's population.

St. Augustine will entertain the editors of the State this year, the State Press Association having designated that city for their convention.

Cement sidewalks are now being laid in nearly every town of any importance in Florida. Over twenty miles of these walks will be laid in Pensacola during the present year.

Damages to the sum of \$1,500 have been awarded James M. Jones, a painter of Pensacola, in his suit against that city on account of falling and breaking his ankle on a defective sidewalk. This is the second time within a year that Pensacola has had to pay damages on account of bad sidewalks.

Some persons have been poisoning valuable dogs and cats in this town and vicinity again recently. We learn that poison on bread was also thrown into a yard near Bonifay, and in consequence a 2½-year-old child, who knew no better than to eat it, now lies at the point of death with chances against its recovery.—Chipley Verdict.

M. Doyle, the manager of the Edison winter home and park here, states that Mr. Edison and family will leave West Orange, N. J., February 15 for Florida, and that he will arrive here in his private car February 18. Mr. Doyle is putting everything in excellent shape in connection with the house and grounds for the reception of the party, and the trees in the orange grove, which are irrigated from a large flowing well, are covered with fruit which will not be picked until Mr. Edison arrives.—Fort Myers Press.

A bold and daring attempt was made Saturday morning in Tampa to abduct a 10-year-old negro girl on Nineteenth street, near Buffalo avenue. The girl, Lusane Verona, the daughter of a negro cigarmaker, was returning to her home early in the morning with milk for the family breakfast which she had obtained from a neighbor, when she was stopped by two men who threatened to kill her if any outcry was made and then taking the milk away from the child tried to force her into a sack which they carried, in the meantime making the girl accompany them some distance until a resident of the neighborhood going to his work approached, when the two men ran off, leaving the girl terribly frightened and so wrought up over the occurrence as to be unable to describe her would-be abductors. The men made their escape and have not yet been apprehended. The girl was taken home and was put to bed by her mother, suffering nervous shocks from the vile attempt of the unknown men.

Willing to End the Company.
A Chicago man who once permitted himself to be persuaded to back a theatrical company was seated in his office one day when he received a telegram from the manager of the show. The troupe was somewhere in Missouri, and the telegram read thus: "Train wrecked this morning and all scenery and baggage destroyed. No member of company injured. What shall I do?" The answer sent back by the Chicago man was as follows: "Try another wreck and have the company ride in the baggage car."—Chicago Record-Herald.

A positive cure for bilious headache, constipation, chills and fever and all liver complaints. Sold by W. M. Johnson.

Gently Broken.
"You were a long time in the far corner of the conservatory last evening," suggested the mother. "What was going on?" "Do you remember the occasion on which you became engaged to papa?" Inquired the daughter by way of reply. "Of course I do." "Then it ought not to be necessary for you to ask any questions." Thus gently the news was broken that they were to have a son-in-law.

Reason Enthroned.
Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at all druggists. Samples free.

The Eccentrics.
"I understand the Neweds are having trouble," remarked the spinster boarder. "Some people take her part, and some others side with him." "And I suppose," growled the scanty haired bachelor at the pedal extremity of the mahogany, "there are a few eccentric people who mind their own business."—Chicago News.

Baby Hands
Will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved, while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains. Price 25c, 50c and \$1.00 a bottle. Sold by W. M. Johnson.

A QUEER WOOING.

Whistler's Offhand Wedding and the Bride's Scant Trousseau.

Labouchere's claim that he brought about the marriage of Whistler is thus recorded in the "Life of Whistler."

I believe I am responsible for Whistler's marriage to the widow of Mr. Godwin, the architect. She was a remarkably pretty woman and very agreeable, and both she and he were thorough bohemians. I was dining with them and some others one evening at Earl's Court. They were obviously greatly attracted to each other, and in a vague sort of way they thought of marrying. So I took the matter in hand to bring things to a practical point.

"Jimmy," I said, "will you marry Mrs. Godwin?"

"Certainly," he replied.

"Mrs. Godwin," I said, "will you marry Jimmy?"

"Certainly," she replied.

"When?" I asked.

"Oh, some day," said Whistler.

"That won't do," I said. "We must have a date."

So they both agreed that I should choose the day, what church to come to for the ceremony, provide the clergyman and give the bride away. I fixed an early date and got the then chaplain of the house of commons, the Rev. Mr. Byng, to perform the ceremony.

It took place a few days later.

After the ceremony was over we adjourned to Whistler's studio, where we had prepared a banquet. The banquet was on the table, but there were no chairs. So we sat on packing cases. The happy pair when I left had not quite decided whether they would go that evening to Paris or remain in the studio.

How impractical they were was shown when I happened to meet the bride the day before the marriage in the street.

"Don't forget tomorrow," I said.

"No," she replied; "I am just going to get my trousseau."

"A little late for that, is it not?" I asked.

"No," she answered, "for I am only going to buy a new toothbrush and a new sponge, as one ought to have new ones when one marries."

Many Sleepless Nights, Owing to a Persistent Cough—Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of The Burley (Col.) Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was, indeed, marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by all druggists.

Umbrella Etiquette in Turkey.

In China ladies are attended by servants who hold umbrellas over their heads. The Chinese and Japanese introduce both the umbrella and parasol into their decorative work and athletic sports. In western Turkey it is necessary to close an umbrella on meeting people of high rank, and a European traveler who was passing one of the palaces of the sultan was nearly run through by the guard before he comprehended that he must put down the open umbrella he carried. Every one passing the actual residence of the sultan lowers his umbrella as a salutation to "the brother of the sun and the moon."

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by the medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. J. W. McCollum & Co.

Unconcerned.

An incident illustrating the placidity, if so it may be called, of the Duke of Wellington has reference to a naval officer, a near connection of the duke. The ship which this officer commanded was lost, and he himself was drowned. When the news was communicated to the duke, he merely exclaimed: "That's the second ship he has lost!"

For That Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by all druggists.

It is a genuine, curative medicine, that builds up the female system and relieves female pain.

Mrs. M. A. St. Clair, of Eskdale, W. Va., writes: "Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

CURRENT COMMENT.

The Chattanooga Times says: "Hon-est, now, if an expert like Dr. Wiley doesn't know what whiskey is, how are we to expect a Knoxville policeman to detect it? Down at Jackson, Miss., it comes in cute little soap boxes and there isn't a law officer in the county who can tell a good quality of soap from a jigger of rye."

The Birmingham News says: "Cuba will no doubt find that going it alone is an up-hill undertaking in view of the many problems to solve. The fact is Cuba will have to devote less time to cock fighting and more to the serious business of pulling the State out of the hole in order to keep on its feet. One failure is a handicap, two would no doubt mean a finish."

The Norfolk Virginian Pilot says: "The messages and documents of all the Presidents of the United States from Washington to McKinley, inclusive, were published a few years ago in twelve volumes of moderate size. Problem: How many extra volumes will be required to supplement the edition by all the official writings which have borne the signature of Mr. Roosevelt since a dire visitation of Providence inducted him to the Presidency? Who will be bold enough to guess that less than another round dozen will contain all his effusions of an executive character?"

The Buffalo Times says: "Another fact which has thrown a damper on the jingo element in California is the convincing evidence that Japanese are leaving that State in greater numbers than they are coming to it. Unquestionably the Pacific Coast Japanese problem must be met, and the people of the coast must be protected both from the business and social evils which must result from the influx of an alien people. But there is a sane way to do this, and the conservative stand taken by the National Governments, both Japan and the United States, cannot fail to react beneficially on California opinion."

The Galveston News says: "We are making a grave mistake in fearing the Japanese as warriors. They have both Russia and China to attack them in case they saw fit to attack us. We need rather fear the Japanese as competitors; and even now the bitter opposition we feel toward them grows out of the slight competition which a few of them have brought home to us. In time they are going to build up a vast commerce that we will be put to it to meet. They begin without the sort of miseducation in extravagance and self-indulgence that our great men have taught the American people, and in their natural skill and energy they are quite sure to further astonish the world."

The Washington Post says: "The people of the United States entertain toward the people of Cuba nothing but good will. The permanent independence of Cuba, and the happiness and prosperity of her people under their own flag, is desired by all Americans. This desire has been made manifest in deeds which speak for themselves. It will be no fault of anything that the United States has done, or failed to do, if the new lease of independence on the island does not run in perpetuity. Good luck to Cuba, and happiness to her people! May January 28 be remembered hereafter as the day when, for the last time in history, any authority other than that of the Cuban republic was dominant in Cuba! May the Cuban flag float forever over the Cuban people, self-governing, free, and independent!"

The Czar of Russia is credited with a desire to accompany the President on that hunting trip. Mr. Roosevelt, however, probably thinks that would insure more or less of a "bomb" time.

Some people assert that miracles never were or are possible, and still others assert that the age of miracles is past. But the story of the Republic sending forth in all directions its mysterious and wireless silent messages for aid in its hour of distress and the quick response by steamers more than a hundred miles away, may be termed a miracle of science. This fact not only shows the great advance in knowledge that mankind has made in recent years, but it also suggests that even more wonderful knowledge will be attained in the coming years.

The disaster to the Republic by which a thousand souls were imperilled would have been a dreadful tragedy like that of the City of Boston and La Burgoyne, but for her water-tight compartments and wireless outfit. Gradually as scientific discoveries are made and utilized the sea is being deprived of its terrors, and even now an ocean voyage in a modernly equipped vessel is safer than a journey on land.

Some people attempt too much, and that is why they fail. When Napoleon was in the East it was suggested to him that he should visit Jerusalem. "No," he answered, "Jerusalem does not come within the field of my operations." That answer revealed one of the great secrets of his greatness, and it is one that many would do well to consider who are inclined to attempt more than they can do.

The brief experience of the young New York married woman who got tired of home life and who, enticed by the glamor of footlights, sought employment as a chorus girl, was sufficient to disillusion her, and her account will probably deter some other young girls who think that stage life is replete with diamonds, automobiles, champagne suppers, and a so-called good time generally.

The Italian historian, Ferrero, is an iconoclast who aims to shatter all our accepted views of history. He tells us that Nero was a saint of equal value with St. Paul in spreading Christianity, and he strikes body blows at the old Roman historians, Tacitus and Suetonius. If Prof. Ferrero's object is to get talked about he is succeeding, but we doubt if he convinces anyone.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

GAINESVILLE,

—THE—
University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

THE BLUE MOSQUE.

It Calls in the Mosque of Ibrahim Aga.

Every one who visits Rome goes to St. Peter's, so every one who visits Cairo goes to the mosque of Ibrahim Aga. In the citadel, a gorgeous building in a magnificent situation, the interior of which always makes me think of the functions and of the pomp of the rather than of prayer and self-denial. More attractive to me is the "blue mosque," to which I returned again and again, enticed almost as by the fascination of the living blue of a summer sky.

This mosque, which is the mosque of Ibrahim Aga, but which is familiarly known to its lovers as the "blue mosque," lies to the left of a rambling street and from the outside does not look specially inviting. Even when I passed through its door and went to the court beyond at first I felt its charm. All looked old and rough, unkempt and in confusion. The red and white stripes of the walls and the arches of the arcade, the mean little place for ablution—a pipe and a row of brass taps—led the mind from a Constantinian ice to a second rate school, and for a moment I thought of abrupt entering and seeking more splendid products. And then I looked across the court to the arcade that lay beyond, and I saw the exquisite "love color" of the marvelous tiles that give the mosque its name.

The huge pillars of this arcade are colored and ugly, but between them comes with an ineffable luster a wall of purple and blue, of purple and blue so strong and yet so delicate that it held the eyes and drew the body forward. It is a color calls, it calls in the "blue mosque" of Ibrahim Aga. And when I had crossed the court, when I stood beside the pulpit, with its delicious wooden folding doors, and studied the tile of which this wonderful wall is composed, I found them as lovely near as they are lovely far off. From a distance they resemble a nature effect, as almost like a bit of southern sea at sky, a fragment of gleaming Mediterranean seen through the pillars of a loggia or of Sicilian blue watching over Etna in the long summer days.

When one is close to them they are a miracle of art. The background of this is a milky white upon which is an elaborate pattern of purple and blue, generally conventional and representative of no known object, but occasionally showing tall trees somewhat resembling cypresses. But it is impossible in words adequately to describe the effect of these tiles and of the tiles that line to the very roof the hush house on the right of the court. They are like a cry of ecstasy going up in this otherwise not very beautiful mosque. They make it unforgettable; they draw you back to it again and yet again. On the darkest day of winter they set something of summer time. In the saddest moment they proclaim the fact that there is joy in the world; that there was joy in the hearts of creative artists years upon years ago. If you are ever in Cairo and sink into depression, go to the "blue mosque" and see if it does not have upon you an uplifting moral effect. And then, if you like, go on from it to the Gamla el Moyad, sometimes called El Ahmar (the red), where you will find greater glories, though no greater fascination, for the tile hold their own among all the wonders of Cairo.—Robert H. Hens in Century.

Six Nights "Go as You Please" Race.

How many tired fathers and mothers in this town enter this race every night carrying a baby? And they wonder what the matter is. Chances are the child is starving—worms are eating all of its food. Most children have worms—yours needn't. White's Cream Vermifuge will get rid of the worms and strengthen the child. Price 25 cents per bottle. Sold by W. M. Johnson.

Art of Eating.

Eating is not merely an enjoyment. It is a science that must be learned, an art that must be acquired by intelligent patience. The man who at middle age has not discovered what and how much is suitable for him has not finished his education.—Health.

It Tastes Good and Creates Strength

Vinol

the famous cod liver and iron medicine, without oil. Vinol is much better than cod liver oil and emulsions, because, while it contains all the medicinal value they do, it disagrees with no one. As a body builder and strength creator for old people, delicate children, after sickness, and for stubborn coughs and colds Vinol is unequalled.

Suited His Theory.

"When I hear of a new theory," said a scientist, "I am reminded of the two geologists. At a certain summer resort one brilliant afternoon the younger geologist from his bedroom window saw the older man rolling a great rock down the side of a mountain.

"He watched the work for nearly three hours. The old geologist, thin and little and white whiskered, had a hard time of it to guide that rock almost as big as himself. But he persevered. He got the rock down where he wanted it just as the dinner bell rang.

"The younger man said to him wonderingly at dinner: "What were you doing with that rock this afternoon, professor?" "Why," the professor answered, "the fact is the thing was 600 feet too high to suit my theory."

Save Money by Buying Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. Price 25 and 50 cents a bottle. For sale by all druggists.

Snakes Changed Into Rods.

The Egyptian cobra is not unlike its Asiatic relative except in respect of the absence of the curious spectacle-like mark which distinguishes the latter. Although it is the most poisonous reptile known to inhabit northern Africa, it is the favorite among the snake charmers. These conjurers know how to render this serpent rigidly unconscious by pressing the nape of its neck with a finger. This act appears to throw the reptile into catalepsy, in which it is as stiff as an iron rod.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." J. W. McCollum & Co.

Old Laws.

There still exists in London a bylaw which forbids a cask of beer to be unloaded between certain hours, but no mention is made of casks containing any other liquor.

Lucerne has on its statute books a law which is not enforced. It prohibits hats of more than eighteen inches in diameter, forbids the use of artificial flowers and imported feathers and orders that a license of 75 cents a year shall be paid for the right to wear ribbons or silk or gauze.

Ask Yourself the Question.

Why not use Chamberlain's Liniment when you have rheumatism? We feel sure that the result will be prompt and satisfactory. It has cured others, why not you? Try it. It costs but a trifle. Price, 25 cents; large size, 50 cents. For sale by all druggists.

As advertising finds the best market for everything else, why not for your personal services?

Kinnikinnie.
"We ran out of tobacco while fishing in the Canadian wilds," said a clubman. "Our guides put us on to kinnikinnie, and we smoked that for ten days. It wasn't bad."
"Kinnikinnie is the inner bark of the red willow. You dry it, then you cut it up. It really tastes like tobacco. The Indians always use it when they can't get the real thing, and I understand that there are certain brands of Canadian tobacco that are flavored with kinnikinnie."—Washington Times.

Hard to Please.

"Your audiences seemed shocked by the show."
"At first," answered the manager, "but we expurgated it."
"And then?"
"Then they seemed disappointed."—Exchange.
